Настоящие тесты предназначены для работы со студентами отделения ВО очной, очно-заочной и заочной форм обучения. Материалы тестов могут быть использованы для работы в аудитории и для самостоятельной работы студентов.

Пособие состоит из тестов, охватывающих практически все разделы английской грамматики. Следует отметить, что отдельные текстовые задания могут использоваться для диагностики знаний студентов при делении их на группы, а также для промежуточного тестирования студентов по мере изучения ими разделов английской грамматики, для накопления словарного запаса.

Работа с тестами подскажет преподавателю, какой раздел английской грамматики недостаточно усвоен студентами, а студенту поможет обнаружить свое «уязвимое место» в английской грамматике.

A man engaged in a lawsuit suggested to his lawyer that it might be a good idea to send a present to the judge who was going to try the case. His lawyer warned him that the judge was quite honest, and that if he did any such thing he would only prejudice the judge against him.

During the trial the lawyer noticed that the judge seemed to favour his client in whose favour judgement was in the end given. The man afterwards told his lawyer that he had sent a rich present to the judge.

«But you can't have done so?» said the lawyer. «Oh, yes I did», replied the man, but remembering your advice, I sent it in my opponent's name.

How did the man gain a lawsuit?
